Your Group should aim to arrive at the site gate promptly at the agreed time of the visit and no more than 15 minutes in advance of it. Within the hangar, bags and other belongings must be kept with the visitors, or left in designated areas only. Visitors may not bring alcohol into the premises. The Society will accept NO responsibility for visitors' belongings.

Using still or video cameras (incl. smart phones) for private purposes is permitted INSIDE the hangar only [no filming to take place outside], but please be considerate of the needs of other visitors and ensure that camera tripods and equipment do not become trip hazards.

By booking a visit you agree that the Society, or its representatives may photograph or film your Group during the visit and reserve the right to publish any photos or video for promotional, PR, or educational purposes. Please ensure ALL Group leaders / carers / parents / guardians have read and agreed to this before your visit.
